## TRIBUNAL FOR COAL REGULATION IS SUGGESTED

### Great Interest Centers in Election of Benedict's Successor

#### MAJORITY CARDINALS FAVOR CONTINUANCE LATE POPE'S IDEALS

(By Associated Press.)  
ROME, Jan. 27.—Interest of the sacred college and vatican household turned today to the election of a successor to Pope Benedict. A conclave has been called for February 2 to choose a new pontiff. The question of rapprochement between the church and the Italian government enters into the election. A thorough canvass of opinion in the vatican shows the peace party, or those advocating closer relations with the government, are virtually deadlocked with the irreconcilables, or those opposing rapprochement, in the number of votes each faction can muster. A two-thirds majority is necessary. The attitude of the American cardinals—O'Connell of Boston and Dougherty of Philadelphia, is unknown at the vatican.

Twenty-nine cardinals, headed by Cardinal Gasparri, the camerlengo or acting head of the church, are known to favor a continuance of Benedict's policy, which was understood to be directed toward resumption of relations with the quirinal; 20 members of the sacred college are thought to be just as strongly opposed, while nine are classified as neutral.

#### AMERICAN BORN JAPANESE WILL BE EDUCATED

(By Associated Press.)  
HONOLULU, T. H., Jan. 27.—An American citizen of Japanese ancestry will be educated in an American university at the expense of the Japanese Federation of Labor and will assume leadership of the body in order that its interests may be promoted more effectively in Hawaii. It was decided at the recent convention of the organization, according to translations of the minutes which are in the possession of territorial authorities. The federation will provide not more than \$1000 annually for the purpose.

The Hawaii Shimpo, Japanese language daily newspaper, will be taken over by the federation and will be edited by Secretary Hayakawa, according to the convention minutes. The federation has raised \$9000 for the defense of union officials who were indicted recently on a charge of conspiracy in connection with an explosion of dynamite at the house of a Japanese who continued working on a sugar plantation during the strike of 1920. It was reported at the convention.

The delegates adopted a resolution which opposed not only the proposed immigration of Chinese laborers, but also declared against the immigration of any more Japanese. The resolution declared that further immigration would constitute "a menace to the standards of laborers resident in Hawaii." The total membership of the federation was estimated at 5300.

#### DEFENSE RESTS IN ARBUCKLE TRIAL

(By Associated Press.)  
SAN FRANCISCO, Cal., Jan. 27.—The defense rested in the Arbuckle trial, Dr. George Franklin Shields, defense expert, being the last witness.

#### RIVER PROJECT GETS SUPPORT MANY SOLONS

(By Associated Press.)  
WASHINGTON, D. C., Jan. 27.—Confidence that congress would support the Colorado river commission in any definite development plan it might evolve benefitting the several states adjacent to the Colorado river was voiced at the public hearing today. Senator Pittman of Nevada and Representative Swing and Osborne, of California, and Aronson, of Nevada, said they were certain congress would enact laws to carry out any general development outlined by the commission.

#### COMPENSATION HAS REACHED HIGHEST COURT

A ruling on whether or not compensation may be paid by the Nevada industrial insurance commission to the common law wife of a man killed during his employment is expected soon from the state supreme court as a result of the argument Wednesday in the case of Hilma Dahlquist of Tonopah against the insurance commissioners.

Mrs. Dahlquist's attorney argued that a common law marriage applies for the granting of compensation the same as a marriage by ceremony. Deputy Attorney General Richards held that it is necessary for a statutory marriage before the compensation can be paid.

The woman was the common law wife of Fred Dahlquist at the time he was injured in a mine accident at Tonopah. Shortly after the accident he went to San Francisco for treatment and the couple were married by ceremony in a hospital there. Dahlquist died and his wife applied for compensation, but this was refused and she started suit. The Nye county court upheld her and the commissioners appealed.

#### MICHIGAN IS MOTOR STATE OF COUNTRY

(By Associated Press.)  
LANSING, Mich., Jan. 27.—Michigan, the automobile state, has 455,367 automobiles and trailers in operation within its borders, according to the annual report of the secretary of state. Of the number 426,984 are pleasure cars, 54,063 commercial cars and 4330 trailers.

#### PACKING HOUSE WORKERS VOTE TO REMAIN OUT

(By Associated Press.)  
CHICAGO, Jan. 27.—The striking packing house workers in 13 great meat packing centers have voted overwhelmingly to continue the strike started December 5 last, Dennis Lane, international secretary of the union, announced today.

#### TYPOS IN OPEN SHOP NOTIFIED OF WAGE SLICE

(By Associated Press.)  
CLEVELAND, Ohio, Jan. 27.—The wages of employees of a number of commercial printing houses here are to be cut 10 per cent on February 1. These shops, it is understood, include most of those which had been working under open shop conditions since the strike last spring and applies to compositors and pressmen. The highest paid employees had been averaging \$45 for the 48 hour week, it was said.

#### ALLOTMENT OF GRAZING LANDS SOON IN ORDER

Cattle and horse permittees will be required to furnish salt at designated salt grounds, and in accordance with the instructions of the forest ranger in charge," remarked J. W. McGowan, supervisor of the Tonopah national forest, who arrived in Tonopah last night from Austin, where he makes his headquarters. "All salt will be purchased through the local grazing associations. As soon as possible after February 20, all grazing applications received for the different ranger districts will be submitted by the supervisor to the advisory board for their approval."

Mr. McGowan announces officially that in order that allotments of grazing privileges may be reviewed by the advisory board for the season of 1922, and that they make any recommendations for changes that they may deem advisable, that the forest supervisor will be in Belmont on March 6 and 7 o'clock in the afternoon prepared to submit tentative grazing allotments to the board for its consideration. He also states that since a quorum was not present on the date set for the 1921 annual association meeting, an adjourned meeting will be held. All members are requested to be present, or to at least be represented by proxy.

Mr. McGowan, in his official capacity, will be at the Dutch Flat schoolhouse, upper Reese river, on March 6, for the purpose of submitting the 1922 tentative grazing permit for the consideration of the advisory board. On February 28 Mr. McGowan will be at the courthouse in Austin for the purpose of submitting matters of a similar nature.

#### HUGE ROBBERY AUTO CONCERN IS REPORTED

(By Associated Press.)  
HATTIESBURG, Miss., Jan. 27.—The Girault Motor company was robbed of \$150,000 in bonds, papers and notes, according to the police. Two men are said to have held up the night clerk.

#### FRENCH HEROES SEEK IDENTITY LOST IN WAR

(By Associated Press.)  
PARIS, Jan. 27.—France has six living "unknown soldiers" men whose memories are a complete blank as a result of horrors undergone during the war. They are being cared for by the government, which is seeking to establish their identities. They have been visited by thousands of persons, but none have recognized them.

#### NO CHANGE IN SEWER RATES FOR TONOPAH

Under a ruling handed down yesterday by the public service commission of Nevada, an increase in sewer rates by the Tonopah Sewer & Drainage company was denied. However, stipulation is made that the sewer company may collect for service furnished Nye county, permitting charges amounting to 20 per cent less than those requested by the applicant.

Under the ruling the sewer company will be permitted to collect from Nye county the sum of \$34 per month for the court house; \$20 per month for the county hospital; and \$5 per month for the county library, making a total of \$109 a month.

In rendering its opinion the public service commission held that it could not permit a charge being made for service of the town's public buildings by reason of the legislative enactment granting the franchise to the company, which specifies that a free rate be granted to Tonopah town buildings, with which the public service commission cannot interfere, if it wished, but it is held that the rates above mentioned shall be established for certain of the county buildings.

The hearing in the case just decided was at Tonopah, and a full investigation was made by J. F. Shaughnessy, chairman of the commission. Protests were made against the proposed increases and also against the present schedule, which was alleged to be excessive. In handing down its opinion the commission strongly recommends the advisability of the purchase by the town of this very essential service, and sets forth at some length various comparisons and suggestions going to show the feasibility of such purchase.

The applicant company contended for a 20 per cent increase in all rates, and also asked that it be allowed to collect sewer rentals from the various town and county buildings as follows: Court house, \$100.00; hospital, \$24; Tonopah fire department, \$22; justice court and gymnasium, \$30; town jail, \$6; Tonopah high school, \$116.10; Tonopah grade school, \$24; kindergarten, \$6. The order denies the increases asked for and reaffirms the present schedule of rates, but it addition allows change for the Nye county courthouse, Nye county hospital, Nye county library, and gives permission to apply for a rehearing.

#### CUT-OFF ROAD NOW NEARLY COMPLETED

Repairs on the cut-off road leading from Clark's wells to Bellehelen and Eden creek have practically been completed under the direction of Gus Peterson, although the roadbed will have to be smoothed out a little following the advent of spring. This cut-off saves 16 miles to Bellehelen and 15 miles to Eden creek. Arrowhead and Clifford are eliminated from the route, but the road leading to these places is being kept in fairly good condition considering the season of the year.

#### ADAMSON EIGHT HOUR LAW GETS GOOD SUPPORT

(By Associated Press.)  
WASHINGTON, D. C., Jan. 27.—Union labor won a victory in the national agricultural conference when that body, 83 to 64, struck out of the committee report a recommendation for repeal of the Adamson eight-hour law.

#### INDIAN YOUTH PROVES HERO IN FROZEN NORTH

(By Associated Press.)  
PORT WILHELM, Oct. Jan. 27.—Six little Indian children, who left the frozen bodies of their father and mother in the northern trapping wilderness, reached Whitehorse today, on the Canadian government railway, after a fortnight of tramping over the snow-covered ground. Five younger children, ranging from a baby of a few months, were brought back by the 14-year-old brother and a neighbor. Influenza took the parents.

#### BANDITS BEAT SERVANT MAID ATTEMPT ROB

(By Associated Press.)  
SAN FRANCISCO, Cal., Jan. 27.—Mrs. Carolina Chinn, aged 29, a maid, was found bound, gagged and unconscious by her employers on their return from an evening's absence. She told them two burglars beat her across the back with a potato grater in an unrelenting effort to make her tell where the family valuables were kept, and then rubbed salt on the wounds. After that, she said, they threatened to cut her throat, and finally bound and gagged her.

#### LAKES-OCEAN HIGHWAY MAY BE ACCEPTED

(By Associated Press.)  
DULUTH, Minn., Jan. 27.—Satisfaction that the international joint commission could not have found other than that the lakes-to-the-ocean project is feasible; belief that congress, convinced by the west's unshakable determination to gain its rights will authorize the improvement, and confidence that the alleged "eastern interests" said to be fighting the scheme, will be swept aside in the ensuing wave of governmental approval, is contained in a statement made at headquarters of the Great Lakes-St. Lawrence Tidewater association here. The statement followed announcement from Washington that the state department would submit to congress the report of the international joint commission.

"We have known for months," the statement continues, "that the favorable report was coming, even since the hearings, when the engineers submitted their findings. Still, it is good news to these 18 states banded together in the association to promote the interests of this project. This news comes as a relief after many unavoidable delays, and in the face of other delays that have been avoided. It is a culmination we have been working for these two years."

#### SENATE COMMITTEE RECOMMENDS COURT OF PUBLIC OPINION

#### PROMINENT NATIVE SON CALLED HOME

(By Associated Press.)  
NEVADA CITY, Cal., Jan. 27.—J. V. Snyder, past grand president of the Native Sons, a prominent newspaper man and active politician, died at his home here after an illness of two weeks. Death was unexpected, as he had been improved the last few days.

#### TOWNLEY FACES EMBEZZLEMENT PROCEEDINGS

(By Associated Press.)  
FARGO, N. D., Jan. 27.—A warrant has been issued here for the arrest of A. C. Townley, president of the National Nonpartisan league, charging him with impropriety in the embezzlement of \$3000 from the Scandinavian-American bank of Fargo.

The warrant will be served on Townley when he is released next week from the Jackson, Minnesota, jail where he is serving a 90-day sentence for conviction on a charge of violating the state espionage law.

#### LONDON CLUBS MEMBERS VERGE ON BANKRUPTCY

(By Associated Press.)  
LONDON, Jan. 27.—London club men have for a long time been in a bind financially, and something was bound to happen. At the end of the year, it is said by a party of city directors on that resignation from prominent way to the scene of the robbery. After a pistol battle the men abandoned the car and sought shelter in a house. The house was surrounded but the bandits escaped.

One club has already sent out a letter to its members, begging them to pay their dues for 1922 during the current month, failing which there will be a foreclosure on the club premises.

Few men nowadays belong to more than one club, instead of half a dozen, as was the rule in more prosperous times, and commercially valuable members, meaning those who go to their club daily and spend money there on food, wine and cigars, are somewhat scarce.

(By Associated Press.)  
WASHINGTON, D. C., Jan. 27.—Belief that Secretary Weeks, in submitting to congress Henry Ford's offer to purchase or lease the Muscle Shoals power and nitrate plants, would give it his "friendly endorsement," was expressed by Senator Underwood following a conference with the secretary today. Underwood called at the department to make a personal request for favorable endorsement of the Ford contract.

#### MURDER STALKS IN WAKE GREAT BANK ROBBERY

(By Associated Press.)  
PITTSBURGH, Pa., Jan. 27.—Five bandits today robbed the First National bank at Gratton, a suburb of \$15,000 in money and \$20,000 in Liberty bonds, after killing Harold Moss, the assistant cashier, who tried to defend the institution. The band way financially, and something was bound to happen. At the end of the year, it is said by a party of city directors on that resignation from prominent way to the scene of the robbery. After a pistol battle the men abandoned the car and sought shelter in a house. The house was surrounded but the bandits escaped.
